

Discontinuation of Cardless Deposits

Effective 23 June 2024, we will be discontinuing the cardless deposit service at our Cash Deposit Machines. This means that you will only be able to deposit cash to your account using your ATM and/or Debit card. You will no longer be able to make cash deposits into an account by keying in the account number.

We apologize for any inconvenience caused.

We continue to offer you easy and convenient digital options to manage your everyday banking needs seamlessly, using the Citi Mobile® App or Citibank Online.

For more information, visit citibank.com.sg or contact our CitiPhone Banking at 6225 5225 or 6225 5226

Thank you.
